

SANCTUARY

Luxury Firm Comfort

- Your EQ mattress provides anatomically correct underlying support using Space-Tech Memory Foam which perfectly responds to the individual sleepers bodyweight, shape and temperature – (warranty tested up to 20 stone per person).
- Unique EQ fibre is woven into the luxury cover to ensure that a cooler body temperature is maintained for better quality, deep sleep.
- Body temperature is further controlled via integral EQ moisture management, for a more comfortable sleep environment.
- Every EQ mattress is constructed using a 3 tier comfort system with distinct features – 1. Luxury Surface Memory 2. Sumptuous Comfort Support available as soft, regular or firm and 3. Zonal Back Support with Moisture Management Foundation combine to provide unsurpassed comfort and correct spinal support.
- EQ mattresses have the added convenience of never needing to be turned.
- Every EQ mattress is manufactured in the UK to the world's highest sleep standards.
- Zipped cover is easily removed and can be machine washed to 40°C for – replacement covers can be ordered separately.
- All EQ mattress specifications are available in a wide range of size and comfort options – so there's sure to be a one to suit you.
- Anti-microbial and hypoallergenic properties deter allergens and ensure a healthier sleep surface.
